CONSENT/ REFUSAL TO BLOOD PRODUCTS

I have been advised that I may need a blood / blood product transfusion. The reasons I require transfusion have been explained to me as follows: ________________________________________________

I _____ consent to / refuse _____ the administration of blood products. (circle one)

Risks include but are not limited to chills, fever, itching or other allergic reactions and possible exposure to infectious agents such as Hepatitis B or C viruses and Human Immunodeficiency Virus. Possible alternatives include no transfusion, self-donation, intravenous fluids, recycled blood, use of blood formation agents such as erythropoietin and iron.

The consequences of refusing blood products have been fully explained to me. I understand that my refusal may cause serious illness and possible death.

I have read the entire document and understand it. I have been given the opportunity to ask questions and my questions have been answered to my satisfaction.
